

Madani Careers – Information for Parents

We know that ensuring financial security and a good quality of life for your children is a priority and a challenge for all parents. It is the aim of the Careers Team at Madani to work in partnership with parents, supporting our students to make informed decisions which will help them contribute positively to society and prepare to join the world of work.

Your children will look to you for advice and guidance when they need to make big decisions and to discuss what they have learned from their teachers, advisors and employers. We'd like to help equip you for the key role you play in guiding your children's choices about their future by keeping you informed of careers activities they are completing at school and providing you with useful information from organisations with expertise in careers development for young people.

For information about what your child is learning through our careers programme at Madani, click on the PDF links in the green boxes on the main careers welcome page.
